

THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

OLC 78-0287/b

Office of Legislative Counsel

Mr. Thomas K. Latimer, Staff Director  
Permanent Select Committee on Intelligence  
House of Representatives  
Washington, D.C. 20515

Dear Tom:

In response to your letter of 23 January, I am forwarding several studies for the Committee's use. Enclosed are: (a) IC Staff "Intelligence Community Support to Research and Development," October 1977, (b) IC Staff - "Telemetry Dependence Study," June 1975, (c) SIGINT Committee - "Elint Requirements for the 1984-1994 Decade," (d) "Report of the Ad Hoc Interagency Imagery Exploitation Task Team," July 1975 and (e) Comirex, [redacted]

I understand that [redacted] of my staff, delivered earlier this week the CIA comments on the Senate Select Committee on Intelligence staff report entitled "U.S. Intelligence Analysis and the Oil Issue, 1973-1975". The report entitled [redacted] requested in your letter was not available here and has been requested from the Department of Defense, Office of the Deputy Under Secretary of the Air Force -- Space Systems. That office has informed us that no extra copies of the full study, which is apparently well over 1,000 pages are now available. They are forwarding to me the executive summary of this report with the understanding that the full study is available to your staff at the Deputy Under Secretary's office, should the executive summary not fill the Committee's needs. I believe we will have this summary to you by the middle of next week.

Finally, it has been our intention to provide the House Select Committee a copy of the report entitled "Community Information Handling Systems" when complete. Approval of this report is expected sometime this month.

It would be appreciated if these studies could be returned to this office when they are no longer of any use to the Committee.

Sincerely,

[redacted]  
Acting Legislative Counsel
